

# Want to be part of the UITE Student Advisory Committee (SAC)?

Being part of the *UITE Student Advisory Committee (SAC)* is a great way to get involved in the College of Education, make new friends, meet faculty & staff, learn leadership skills, and have fun!

The UITE Student Advisory Committee (SAC) is *only* open to elementary education undergraduate students.

**If you would like to be part of this year's SAC, contact: Karla Motta at [karla.motta@utah.edu](mailto:karla.motta@utah.edu)**

## **About SAC:**

- SACs are student groups established within each department/division in the College of Education to promote communication and interaction among students, faculty, staff, and administrators.
- The SACs were created to provide students with more opportunities for input. SAC members represent students within that department/division. In addition, SACs play a critical role in the Faculty Retention, Promotion, and Tenure (RPT) process.
- SACs are both a social and an academic organization within each department/division, and as such they advance involvement opportunities, encourage participation in activities, and create a working environment that builds the campus community.
